

AKSHAY JOSEPH

Trivandrum, Kerala 695035 | +91 9188847571 | akshayjoseph003@gmail.com | LinkedIn | Github

EDUCATION

Saintgits College of Engineering, Kottayam — APJ Abdul Kalam Technological University 2023 – 2027
B.Tech in Computer Science and Engineering | CGPA: 7.9

Sarvodaya Vidyalaya, Trivandrum 2019 – 2021
Higher Secondary Education (ISC) — 96.5%

PROJECTS

EyeWave – Gaze-Controlled Assistive Communication System January 2026
Python, OpenCV, Dlib, Facial Landmark Detection, Signal Smoothing | **Patent Published: IN202641026386, Journal No. 12/2026 (20 Mar 2026)**

- Developed assistive technology enabling hands-free communication for individuals with motor disabilities by translating eye gaze and blink patterns into digital text via a virtual keyboard.

FrameWise – AI-Based Auto Capture & Voice-Guided Posing Assistant April 2025
Python, MediaPipe, Computer Vision, AI

- Built a smart camera assistant delivering real-time voice prompts for posing and auto-capturing the optimal frame using pose estimation and AI-driven decision logic.

FoodShare – AI-Based Food Waste Reduction Platform March 2025
Python, NLP, AI, Web App — BeachHack 2025

- Developed a platform using NLP models to recommend food redistribution channels and generate leftover recipes, minimizing food waste.

Nakshatra '26 – Event Management Platform Lead Web Developer 2026
React, Appwrite, Razorpay API

- Built a full-stack platform supporting 1,800+ active users, scaling to 150k daily requests and 782k total transactions with zero downtime.
- Integrated Razorpay for secure payments, managing 2.5k+ records and 15k automated function executions.

TEDx Saintgits – Official Event Website Lead Developer 2026
React, Firebase

- Led end-to-end web development for the official TEDx event website at Saintgits College of Engineering.

ASCEND '26 – Hackathon Website Primary Developer, ACM Student Chapter 2026
React, Web-to-Sheet Automation, Netlify

- Designed an immersive landing page with 3D parallax effects and particle systems, paired with an event management portal for the Hackathon competition by ACM @ Saintgits.

ROLES & RESPONSIBILITIES

Secretary – Open Source Club, Saintgits Apr 2025 – Present
Organized workshops engaging 50+ students in open-source contributions.

Technical Head – ACM Student Chapter, Saintgits Apr 2025 – Present
Managed technical initiatives and events, boosting student participation.

Learning Coordinator – TinkerHub, Saintgits Apr 2025 – Present
Led hands-on workshops to upskill students in emerging technologies.

SKILLS

Languages: C, Python, JavaScript

Web & Frameworks: React, Vite, Node.js, Express, Flask, FastAPI, Framer Motion

Backend & DB: Firebase, MySQL, MongoDB, Razorpay API, Appwrite

AI & ML: OpenCV, Dlib, MediaPipe, NLP, Predictive Analytics

Tools: Git, GitHub, Netlify, VS Code

Soft Skills: Leadership, Public Speaking, Team Collaboration

ACHIEVEMENTS & AWARDS

- 1st Prize** – Code ReCET 3.0 National Hackathon, CET. Selected as Winning team from 800+ applicants and 80+ competing teams (March 2026).
- 1st Place** – Spin-Hack Hackathon, IEEE Student Branch, Saintgits (August 2025)
- 3rd Place** – CTF Online Competition, Traboda at CareerLink, SCMS College of Engineering (January 2025)
- Participant** – Smart India Hackathon 2025, National Level, MHRD Innovation Cell
- 1st Prize** – SUITS “The Third Act” HR Game, Saintgits College of Applied Sciences (October 2024)
- NPTEL Certification** – Data Structures and Algorithms using Java, IIT (October 2024)
- School Captain, Sarvodaya Vidyalaya (2019–2021) | Chief Editor, Times of India Student Edition (2019)
